2-day DevOps Foundation v3.2 to v3.3 Change Log

In January 2021 we created a point release (3.3) to the DevOps Institute DevOps Foundation course, primarily to update references to annual reports to the latest versions. Here's the list of changes made:

Slide Number	Slide Title	Change
15	What DevOps Is Not	Link corrected and moved to Notes section under 'Additional Resource'. Link was broken but checked against VAR and article still exists and link is correct there.
23	Automation is an Essential Element	● Selenium logo updated ● Sonatype logo updated ● ElectricCloud logo replaced with Digital.ai logo
29	DevOps Improves Throughput AND Stability	● Note added to recognize that GCP did not issue an Accelerate State of DevOps Report in 2020
31	DevOps Adoption	● Gitlab section updated with stats from latest 2020 report (link in notes is the same) ● Puppet section updated with stats from latest 2020 report (link in notes also updated) ● Forrester section replaced with 'The Future of DevOps: 21 Predictions for 2021' from TechBeacon
72	All Environments Leverage DevOps	● Title changed to: CI/CD Toolchain Skills Are Essential for DevOps ● Content updated with material from the 2020 Upskilling Report ● Link in notes section updated
80	DevSecOps	● Added link to notes for 2020 Community Survey from Sonatype
95	SAFe for Lean Enterprises	● Image updated from version 4.5 of SAFe to version 5.0 ● Key concepts updated in notes ● Links updated in notes
120	Module 5 Objectives	● Cultural Debt added ● Target Operating Models removed
146	Periodic Table of DevOps Tools	● Updated to latest version 4.2 o Link updated in notes to digital.ai

192	Differences of Perspectives of "Must-Have"	● Title changed to: IT Ops, Security and Infrastructure Skills ● Content updated with material from the 2020 Upskilling Report ● Link in notes section updated

Other changes included:
- Update to links in VAR in DevOps Reports section to include:
    - 2020 Global DevSecOps Survey (Gitlab)
    - 2020 State of DevOps Report (Puppet)
    - 2020 Upskilling Report (DevOps Institute)
    - 2020 Community Survey (Sonatype)
- Update to links in VAR in DevOps Articles section:
    - Replaced Forrester Report with 'The Future of DevOps: 21 Predictions for 2021' from TechBeacon
    - Added 'SAFe for Lean Enterprises' from Scaled Agile
    - Added SAFe White Paper from Scaled Agile
- Update to links in VAR in Websites section:
    - Updated Periodic Table of DevOps Tools to Digital.ai
