DevOps Leader v2.0 to 2.1 Change Log

In January 2021, we created a point release (2.1) to the DevOps Institute DevOps Leader course, primarily to update references to annual reports to the latest versions. Here's the list of changes made:

Slide Number	Slide Title	Change
14	DevOps Improves Throughput AND Stability	Updated to Accelerate SODOR 2019
15	Puppet Labs 2018 State of DevOps Report	- Title changed to: 'Puppet Labs 2020 State of DevOps Report' - Content updated to 2020 report - Notes updated with links to 2019 and 2020 reports
18	The Current State of DevOps	Content and notes updated to 2020 Upskilling Report
31	The Importance of Soft Skills	Content and notes updated to 2020 Upskilling Report
39	Module 2: Unlearning Behaviors	- Updated video title from 'The Backwards Bicycle' to 'The Backwards Brain Bicycle' - Added Psychological Safety, Mindset and Mental Models, and Cognitive Bias to topics list - Removed Kolb's Learning Styles from topic list as this is covered in Module 8
40	Video	Updated video title from 'The Backwards Bicycle' to 'The Backwards Brain Bicycle'
56	New slide: The E-Shaped Human	
88 (now 89)	Video	Vimeo link added to notes
130 (now 131)	DevOps and SAFe	Updated to SAFe 5.0
138 (now 139)	What Color is Your Organization?	Image replaced (original reported to be blurry)
163 (now 164)	Module 8: Maintaining Energy and Momentum	Added Kolb's Learning Styles to list of topics covered

Other changes included:
- Update to links in VAR in DevOps Reports section to include:
  - 2019 State of DevOps Report (Accelerate)
  - 2020 State of DevOps Report (Puppet)
  - 2020 Upskilling Report (DevOps Institute)
- Sample Exam 2, Question 30, the correct answer is C, Promote the pivot.
